Thank You!

The primary purpose of the Harmony Ark Education Foundation is to provide students at Harmony Elementary and Salmon Creek Middle schools with a wide range of educational programs beyond the basics supported by State funding. Through our successful fundraising efforts, students experience the learning opportunities that many of us parents, as children, took for granted.

In addition, Harmony Ark works to encourage parent and public involvement in the schools. The Ark is open to all parents, teachers, and staff of Harmony and Salmon Creek schools, and the Occidental community at large.
